Microsoft Access has many versions, Service Packs, Hotfixes and other Updates with Office

### Creating Dynamic Web Pages with Microsoft Access

One of the limitations of dynamic web pages is that they can not be used to distribute reports like we did in our static web page tutorial. They can only be used to display tables, queries, and forms. In this example, let's create an up-to-the-minute product catalog for our web users. For the purposes of our example, we'll once again be using the Northwind sample database and Microsoft Access.
